We use our speech everyday but seldom do we realise its power. It leaves a profound impact on: others...our minds...our consciousness. What role does speech play in the life of a devotee?

Understand the principles and develop a practical understanding by hearing examples from our scriptures of: when to speak & when to remain silent? what to say & what not to say? who to speak to & who not to speak to? how to say & how not to say?

What can you expect?
